The American Range ARRB Heavy Duty and Economy Radiant Char-Broilers are designed to provide reliable performance under tough commercial kitchen operating conditions. The Radiant Char-Broiler design directs juices evolved during the cooking process downward onto the radiants, resulting in searing flames and enhanced smoke flavors.

The list of innovative design features continues – from heavy duty, cast iron top grates pitched with a cast-in grease trough in each section to minimize flare up, individually controlled 15,000 BTU burners positioned every six inches for complete coverage of the large cooking area - to flexible front panel burner control.

All our quality countertop appliances come standard with a stainless steel exterior and the best warranty in the business. Look to American Range for innovation, reliable performance, quality and attention to your commercial cooking equipment needs now and in the future.
