

In-store impulse-generating merchandiser

Multi Deck 60 - 5 level
Premium square

The Fri-Jado Multi Deck boosts hot food-togo sales with an irresistible product presentation. It can be used anywhere in the store to stimulate customers to pick up hot grab-and-go products. Thanks to its square, upright design, it lines up smoothly with other equipment and uses only limited floor space.

Our patented Hot Blanket holding technology controls food safety. Hot air is blown from the front of the shelf and circulates over the shelf surface, after which it is recycled into the unit. Your products are completely surrounded by a blanket of hot air, ensuring an even holding temperature.

Large, transparent side panels provide a 180-degree view on your products. The appealing design provides an outstanding product presentation which is sure to boost impulse sales.

Features MD 60-5 Premium square

Top features
