perfection since 1930

PORTABLE BUTANE STOVE
CASSETTE FEU®

35FW

HIGH POWER 15,000BTU/H

Available with a case, the gas stove can be conveniently carried and neatly stored.

SUPER HIGH POWER

Iwatani advanced technology produces 15,000BTU/hr output from solid brass burner.

DOUBLE WINDBREAKER

Double Windbreaker protects the flame from wind and air conditioning, making it the perfect stove for outdoor use and indoor commercial use.

Test

How many times can the stove boil 70oz water under 4.5mile/hr wind condition?
