

Nature

The Nature range has been inspired by the forces of nature, due to our desire to mirror the strength, elegance and timelessness of the elements they provide us: minerals, metals, wood, earth.

Based on this idea, the squeezers of the Nature range let materials and colours take centre stage. Neutral, restrained and smart materials and colours which transmit those sensations in the establishments where the juicers are installed, giving them a higher, both real and perceived, high end quality.

Z14 Nature Cabinet

Adaptable to all types of businesses

This is the recommended option for businesses with high juice consumption. The capacity of its basket and the peel storage space inside the stainless-steel cabinet provides it with great autonomy, a key factor for buffets, restaurants and the retail sector. It includes the new 1 gallon reservoir.

The evolution to Nature

- High quality injected plastic nuts
- Smoky grey front cover
- EVS Advanced juice extraction system
- Automatic filter
- Higher juice extraction speed
- New 1 gallon reservoir
- 20 lbs and 35 lbs capacity load basket
- New digital control plate (bin counter, acoustic warnings, standby,...)

Smoky grey front cover

- **Increased durability:** as there are no elastic belts, there are no breakages, something that could also affect the optimal functioning of the blade.
- **Greater functionality:** avoiding maintenance tasks and replacement of broken or worn belts. Cleaning the kit is also much easier.
- **Greater yield:** the new kit leads to greater juice extraction yield. Thanks to its new design, up to 10% more juice can be obtained.

1 gallon reservoir

How does the automatic filter work?

The Auto Cleaning System improves the juicer's efficiency due to the automatic cleaning filter. The new filter has a belt made of polyurethane that moves, thanks to a motor axle, when the squeezer is running. The belt cleans the filter by sweeping the pulp and the seeds resulting from juicing the fruits, which are then collected in the peel collection bins.

Automatic filter

Technical features

Fruit per minute	16
Weight	242 lbs
Peel collection	Basket 15 gal
Fruit diameter	2.16"-2.95" / 2.75" - 3.54". Opt: 1.77" - 2.36" / 2.1" - 2.36"
Measurements	62.99"(h) x 19.69"(w) x 30.11"(l)
Protection	Blockage sensors
Basket capacity	20 lbs / 35 lbs optional
Programmer	Yes
Filter	Automatic
